Lyon County Items.

[From The Times.]

Four water-carriers now find lucrative employment selling water to residents of Suto, at prices ranging from 1 1/2 to 2 1/2 cents per gallon, according to the quantity consumed.

About 300 men have been discharged from the Suto tunnel since last Friday. An average of about 50 per day will, it is said, be let out, until the force is reduced to between 200 and 300 men. These will be all picked men, who will be retained for their ability.

The ranchers of Washoe valley say that the weather has been colder during the present month of May than it has been known to be for seventeen years, at this season. Their grain having been all frost-bitten, they have been compelled to sow it over again. The crop is expected to be very short in consequence.

Fell from the Heavens.

[Eureka Leader.]

Mr. James Marsh, of Huntington valley, who is in town with a load of hay from that agricultural section, brought with him a specimen of a meteor that recently fell to the earth near his quarter section. He states that the falling, which took place early in the evening, was accompanied by a sound as loud as the report of a cannon. Parties on the ranch, in company with Mr. Marsh, searched for, found and dug it out, the piece weighing in the neighborhood of 400 pounds. It is a hard, dark colored metallic substance, and when scraped with a knife reveals a bright lead-colored interior, but much harder than lead. The surface is indented with concentric rings, evidently caused by its rapid whirling motion through the air. The specimen is quite a curiosity.

Nevada County Items.

[From The Herald.]

There was a marriage in town recently in which the combined age of the bride and groom was 139 years.

E. O. Tompkins passed through town to-day from Grass Valley on his way to Bear Valley. He says the hay crop is good in the foothills this year. He had some sixty acres cut before the storm, but being heaped up it was not much injured.

Leon M. Bowdoin, who wrote under the nom de plume of "Mudball" during the new constitution campaign, is about to start a new paper to be run for and in the interest of the Working-men's party and their nominees during this fall campaign. The new journal will be issued weekly.

Deep Snow.

The Downville Messenger says the snow between the Henness Pass, Savage mine, and Forest City is over sixteen feet deep. If the miners do not have a good water season it will not be the fault of the elements. The late rains in the valleys and foothills have been snow in the mountains, and the distance the snowbelt has extended down has been one cause of our cold atmosphere this spring.

Portland, Oregon, is a modern Gomorrah says the Sacramento Bee. There are more arrests for adultery than there are calls to church. We have heard a great deal about the "glorious climate of California," but the weather in Oregon seems to lay over it by a large majority.

The Champion.

Dr. Wagner, of No. 134 South C street, Virginia, is the acknowledged champion on this coast for chronic and venereal diseases. Try him; he never fails to cure. His motto is, No cure pay. His charges are reasonable.

House and Lot for Sale.

"We have sold a large amount of Dr. Mintie's medicine; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."

John A. Childs, Druggist, Second street, Portland.
C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.
Messrs. Abrams & Carroll, wholesale, Druggists, Nos. 3 and 5 Front street, San Francisco, say:

"We regard Nephreticum as the best Kidney and Bladder Remedy before the public." All Druggists keep these medicines.
For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills.

For Fever and Ague, Use Dr. Mintie's English Dandelion Pills.
Every family should keep the English Dandelion Pills on hand.

JOTTINGS.

— More nasty, disagreeable weather to-day.

— Winter continues to hang on to the "ragged edge" of summer.

— The physicians all say that the town is too healthy to live in.

— The ranchers west of Reno are planting their potatoes.

— Dr. Hogan has a fine looking young orchard on his ranch.

— There are some complaints about fast driving through the streets.

— Manning & Berry are receiving a large stock of hardware, stores, etc.

— The lawn-mower is decapitating the too tall grass in the yards around town.

— Business has been slack in the justice court all this week. There has been little doing in either the civil or criminal line.

— A. T. Rice, of the South Side Dairy, advertises to buy cows from people living in the town limits, and pay in milk.

— Clarence Greely got two fingers into a planer in the Truckee lumber company's factory. One nail was torn off and the flesh badly lacerated.

— Shooting doves in the town limits is likely to result in some serious damage being done to either life or property. Several days ago Mr. Hatch had a fine Norman colt killed in this way.

PERSONAL.

Dave McFarland, mine host of the Arcade, went to the Bay last night.

G. Simonds, manufacturer of the celebrated Nabob whiskey, is in town.

D. E. McCarthy, proprietor of the Virginia Chronicle, went to San Francisco on the lightning last night.

H. H. Blake of the Hall Safe and Lock company is in town, looking rather thin from his recent illness.

Barlow, Wilson, Primrose & West's minstrels went East last night. They propose to take in Leadville and other Colorado towns.

Dudley McAdow, advance agent for the Macauley troupe, came in this morning and made arrangements for his troupe to show here.

A Mistake, Mark You.

Miss Mollie Harrison, the fair siren who is the presiding goddess of the one story, paper lined sin mill on Lincoln Avenue, in which the GAZETTE yesterday stated the row between Big Bill and Tim Pollard occurred, writes the GAZETTE a note denying that the fight took place in her house, and asks that the report be contradicted. "The wall, the lady is given the benefit of her disclaimer."

Mr. Hopp's Injuries Probably Fatal.

A report was in circulation this morning to the effect that John Hopp was dead. It is without foundation, though Mr. Hopp is dangerously injured, and but little hopes are entertained that he will survive. His condition was very critical at noon to-day.

WOODED MURDERERS.

Troy Dye and Anderson Pull Hemp in Sacramento.

[Special to the GAZETTE.] SACRAMENTO, May 29.—To-day Dye and Anderson paid the penalty of their crime. Anderson made a short statement on the scaffold and a prayer was said, after which the drop fell at exactly 12:13. Anderson never struggled and apparently died a painless death. Dye's legs convulsed, and his body twitched for several minutes. Both the pulses stopped in fourteen minutes after the drop fall. The knot of Dye's noose slipped, and his neck was probably not broken. Anderson's neck was broken and dislocated.

Town Ordinances.

EDITOR GAZETTE:—Many seem to be under the impression that the ordinances passed a few weeks since by the board of county commissioners, do not go into effect until the 1st of June, but by reference to "Town Order No. 2 it will be seen that all orders except the stove-pipe and dog orders were in force immediately after the first publication. The latter take effect on Monday next. Now why not enforce these ordinances? There is now no good reason why the town should be overrun by hogs and cattle, or why sidewalks should be used for storage or under continual blockade, or why stovepipes still sticking through board roofs and partitions should continue to fill the minds of property owners with apprehensions of another fire. There is a noticeable scarcity of dogs, but garbage and refuse is still thrown in the streets and alleys, and the careless and unlawful use of fire-arms continues to exist. The knowledge of the existence of these ordinances should be sufficient to abate the nuisances, but some are unwise enough to believe that they will not be enforced, or, if enforced against their neighbors, they, for some good reason, will be allowed to go "scott free." Don't be too sure, my friends. You may be the first called to account. Let our peace and fire officers do their duty, and they will be sustained by all good citizens; and let all citizens who have the best interests of Reno at heart take a hand in this nuisance-abating business. VIGILANCE.

Questions for Somebody to Answer.

EDITOR GAZETTE:—In your issue yesterday was contained an account of a criminal assault made upon a gambler named Tim Pollard, by a notorious rough and member of the same profession, yclept Big Bill. Now I want to know, in common with a great many other citizens, why this Big Bill has not been arrested and dealt with according to law. As I understand it, there is no trouble in proving the crime. Why does not the district attorney or some of the officers make a complaint against this fellow and have him punished. No matter whether Pollard wants to prosecute or not, have him summoned, and make him testify. I am in favor of law and order, but if such lawless doings are to go unpunished, count me in favor of the tar bucket. This man Big Bill, has been an eyesore to this community for years. He is known as a dangerous man to society, and it said that he is guilty of very grave crimes. It is also said that he openly defies this community. Is it so? Is this swagging, midnight marauding ruffian above the law, and beyond the reach of punishment? If so, let it be known at once. CITIZEN.

Trying the New Process.

The Robertson process is to be tried at Riverside ledge in Bear Valley, near Emigrant Gap. A furnace and crusher were hauled in on Tuesday. It will be large enough to work about three tons a day. As soon as the roads open to Meadow Lake a test will be made there. A GAZETTE reporter was informed recently that a furnace was already there, but the information was incorrect.

Information Wanted.

H. B. Hall, of Wauson, Ohio, wishes to know the whereabouts of his brother, William H. Hall. Hall was employed on the GAZETTE, as a compositor, some time ago, but not lately. After leaving the GAZETTE he was employed for a while on the Battle Mountain Messenger, but left that place some time since.

Mining on the Truckee.

R. P. Ferguson has located a claim near the bridge at Camp 34. The ledge is 13 to 16 inches wide and has given very high assays. The rock is black and has horn silver and free gold in it.

Parties prospecting near Crystal Peak struck gravel which pans out 30 cents to the pan.

A House Broken Open.

A cabin belonging to P. McCormick, situated on the south side of the river, near the V. & T. bridge, was burglarized about noon to-day. The thief did not get anything of value except some provisions. The entrance was made through a window. There is no clue to the perpetrators. The lawless element is getting bold again.

Read and Profit Thereby.

The public will please bear in mind that the Great Eastern I X L will positively open on Saturday morning, May 31st. Every article sold in this establishment will be guaranteed as represented. One price only. A child can buy as cheap as a grown person at the Great Eastern I X L, Virginia street, Reno, next door to F. C. A.

A Mysterious Wounded Man.

A man, whose name could not be ascertained, was taken to the county hospital this morning with a severe wound in the back of his head. He came in on the overland train last night from some point out east, but it could not be learned for certain where, as he told several contradictory stories. Commissioner Hymers questioned him very closely, and by dint of threats and perseverance elicited from him that he has lately been a resident of Eureka. He got hurt, he said, at Carlin, and came to Wadsworth two days ago, and was sent in here from there last night. He informed other parties that somebody hit him with a rock in Winnemucca, but refused to give any particulars. Constable Avery thinking he might be Frank Schallata, who escaped from deputy sheriff Pryor of Humboldt county, Sunday night by jumping from the train, got Charley Stoddard, who knows Schallata well to go and look at him. Mr. Stoddard did so and says he is not Schallata. The hurt is several days old, and has bled profusely. Dr. Bergman, who examined him, says it is a wonder he did not bleed to death, as it has not been dressed or attended to in any way. The officers are inclined to think there is something about his getting hurt, which he does not wish to be known. This theory would seem to be borne out by the vague and unsatisfactory answers he returns to questions and his reticence as to how and where he got hurt.

The Minstrels Carry off the Honors.

The match game yesterday between the minstrel nine and the Reno nine resulted in a victory for the former. There was much dissatisfaction expressed about some of the umpire's decisions and it was claimed that the home nine ought to have had the game. They certainly out-played their antagonists, and would have won the match anyway if they had observed any discipline. C. F. Cook acted as umpire and J. E. Stanaway scorer. Duration of game two hours and twenty-five minutes. Following are the scores:

The Minstrels Last Night.

The Barlow, Wilson, Primrose & West's minstrels were greeted by a full house at Kimball hall last night. Despite the lack of stage facilities they gave a splendid performance, and kept the audience in a continual roar of laughter. The "end" business of Wilson was immense, and Barlow wasn't far behind. The quartette singing was very good, and was loudly applauded. The song and dance by Primrose and West fairly brought down the house, and the double clog by the same two was especially fine. The performance closed with a ridiculous burlesque on Buffalo Bill, and his dime novel heroics. It was laughable to any body, but to anyone who has suffered the infliction of Buffalo Bill's war-paint, and blood and thunder hog-wash it is too rich. This troupe will always receive a kindly welcome when they come to Reno.

The Outlook in Nye County.

J. D. Page, a leading citizen of Nye county, stopped over in Reno this morning on his way to Virginia. Mr. Page says prospects over his way are not of the brightest, but he is hopeful of a change for the better before long. The condition of affairs at Tybe is not very encouraging, while Belmont is at a standstill. There are many promising mines in his section, which, with intelligent management and capital to develop them, would soon set it on the high road to prosperity, but bad management and lack of capital has given it a back-set.

Items on the Truckee.

H. W. Roberts has a neat sign by the road leading to the bridge above the Angora Ranch.

Water has been turned into the Highland ditch and runs down half a mile, to the trestle work. The line has been improved in a great many places.

Truckee is running to secret orders. Knights of Pythias organized a week or two ago. Last night the Ancient Order of United Workmen was opened and a delegation is coming to open a lodge of Redmen.

Snow at the Summit.

Two feet of snow fell at the summit last week and considerable has fallen this week. The road to Soda Springs will not be open before the first of July.

Please Coming.

On June 4th the first grand excursion given by the Pacific Institute will go west about 4 o'clock A. M. It contains eastern tourists.
